

CLOSE FOR FUNERAL
Out of respect to the memory of Tinley Park's best known citizen the merchants there closed their establishments from 2 to 3 o'clock Tuesday afternoon while funeral services for Tony Bettenhausen were in progress. The funeral was in keeping with a plan taken by the Retail Division of the Tinley Park Chamber of Commerce. Tony was well known in Tinley Park.

Death Ends Career Of Tony Bettenhausen

Death has written finis to the racing career of Tony Bettenhausen, famed auto pilot from Tinley Park whose exploits of the past two decades gained for him international prominence. He was 44 years old.

Tony's career ended last Friday afternoon in a flaming crash at the end of the home straightaway of the Indianapolis speedway. He was testing a car for a friend, Paul Russo, of Fortville, Ind.

Representatives of the United States Auto club who examined the wreckage determined the cause of the fatality. A sheared cotter pin was blamed for the loss of a 10-cent bolt from the front rod support that allowed the front axle to twist. This caused the front wheels to go out of alignment. So that as the car came roaring down the

stretch it suddenly veered toward the outside retaining wall, went over it upside down, and plunged thru an 8-foot wire fence.

Igniting at impact the car hung there in the wire, with Tony trapped inside. Track officials reported that he was killed when the car struck the wall with a frightening crash. He is said to have been traveling 145 or 146 m.p.h. at the time.

Tony had crashed before—29 times—and while it had been a close call on at least two other occasions, necessitating long stays in hospitals, he had always come back to race again. He had driven in 14 of the 500 mile classic at Indianapolis but victory had always eluded him. Closest was in 1955 when he finished second.

This was to be his year, Tony believed. He had a good car. He had turned the fastest lap in trial runs last week ever clocked at the speedway when there were other cars on the track...over 149 miles an hour.

Saturday he was to have qualified and practically all of his competitors agreed that with the car he had and his skill in getting the most out of it Tony was the likely man to win the coveted pole position for the 500.

Friday morning Tony called his wife, Valerie, at their farm home, 171st street and 80th ave. He asked her to come and bring the family so they could watch him shoot for top honors in Saturday's qualifying trials.

Mrs. Bettenhausen and the children were packed and on the point of leaving for Indianapolis when the word came she had secretly dreaded for many years. She refused to accept it.

"No," she said when told Tony had been fatally injured, "it is all some terrible mistake. Call back. I am sure they will tell you it was a mistake."

Then she collapsed and a physician was summoned to give a sedative.

Funeral services were conducted for Tony Tuesday afternoon at 1:30 o'clock from the Hirsch chapel at Chicago Heights by the Rev. Kenneth Crandal, pastor of the Tinley Park Methodist church, with burial in Tinley Park Memorial cemetery. Masonic rites were conducted at the chapel Monday night under the auspices of Calumet lodge, No. 716, A.F. & A.M., of which Tony was a

member. He also belonged to the Consistory and Medina temple; United States Auto club and Helms Foundation Hall of Fame.

Christened Melvin Eugene Bettenhausen—Tony, as he has been called since boyhood—was born on the farm that is now his home.

Besides his wife, the former Valerie Rice, he is survived by three sons and a daughter, Gary, 19, Merle, 17, Tony Lee, 9, and Suzanne, 17. Merle and Suzanne are students at Sandburg high school, Tony Lee at the Kirby school.

Also surviving is his mother, Mrs. Amelia Bettenhausen, four sisters, Mrs. Lillian Brandau, Mrs. Florence Breitbarth, Mrs. Laura Younker, Mrs. Bertha Schuldt, and two brothers, Clarence A. and Herbert C.

L-W Voters Ballot Saturday On Money To Run School

Last minute planning for the Saturday tax referendum was the order of business at the Lincoln-Way high school board of education meeting held Thursday night at the school.

Ballots were distributed to the members to take to their various locations. It was decided to ask principals of the grade schools in the Lincoln-Way area to write notes to the parents of fifth, sixth and seventh grade children, pointing out that their children will suffer the most when they reach high school, if funds are not obtained to continue first class operation of the school.

A. Hunter Chapman, principal of Lincoln-Way, pointed out that it would take from one to three years for the school to slide backwards if funds are not received to continue hiring additional teachers and expanding the curriculum to meet the growing enrollment.

Polls will be open for voting from noon to 7 p.m. Saturday (May 20) in the grade schools of the towns in the Lincoln-Way area. A person need not be registered to vote. The school is asking a tax increase of 21 cents on the \$100 assessed valuation. Officials have pointed out that this doesn't mean the whole 21 cents will be used. They will only use what is necessary, but should it all be needed, it would then be available without the expense of another referendum.

A low bid of \$1,170 was received from the McGrath Office Supply in Joliet for the replacement of 13 typewriters in the business education department. The present typewriters will be traded-in on the new ones. Other bids received were from Sarmann Office supply for \$1,300 and Joliet Office Machines for \$1,335.

The board approved the hiring of John A. Tripp of Homewood and Norman B. West of Franklin in the mathematics department for the coming season. Also hired was Tom Thompson who has been doing some part time work for Lincoln-Way. He will teach at Lincoln-Way Manhattan and New Lenox schools, receiving \$4,900. Lincoln-Way will pay the salary and be reimbursed by the other schools. Lincoln-Way's share is \$2,400 while New Lenox will pay \$1,500 for his services and Manhattan, \$1,000.

The resignation of Melvin Donaho from the speech department was accepted by the board. Donaho said in his letter of resignation that he had been given a fellowship at the University of Michigan to complete his doctorate. He has taught at Lincoln-Way for two years.

Mrs. Bernadine K. Warning who has served as board treasurer was hired as the bookkeeper for the new system being installed in Illinois schools. The need for redecorating during the summer was discussed. It was decided to seek bids for the painting.

A mimeographed report of the birthday calendars and foreign exchange student fund was submitted to board members.

The April balance is \$1,301.60. The fund is sponsored by the communities of Lincoln-Way in order to bring a foreign exchange student to Lincoln-Way and to send a L-W student abroad for the summer program. The student council held a tag day and sold tags, called "Share in the Fare" to gain funds.

Two bids for an incinerator were received and read. One was from Joseph Goder Co. for \$2,352 and the other from Brule Co. for \$4,267. The item was tabled until a later date.

Many Visitors Attend Mokena P.O. Dedication

An impressive well conducted dedication of the Mokena post office took place last Saturday afternoon. Dignitaries, representing the government, the village and neighboring areas praised the work of postmaster Margaret O'Brien and her untiring effort to obtain better postal facilities for Mokena. About 200 attended the program.

Everett J. Cooper Master of ceremonies, traced the post-office history from 1853 when it was established in the living room of Warren Knapp's home on Front street and served only 100 patrons. This was in 1853. From that date on, Cooper pointed out, it bounced around from one building to another, the longest stay being in the McGovney Bldg.

Mayor Charles Swanberg welcomed the visitors and congratulated the postmaster on the excellent manner in which she has conducted the business of her office. He also thanked the Chamber of Commerce and the committee members responsible for arranging the affair.

J. Walter Lowery, Joliet councilman and former postmaster there, introduced visiting postmasters which numbered 15, all from the immediate area. He mentioned the efforts of LeRoy Mauger, Frankfort, Lester Brown, New Lenox and Harry Dean, Tinley Park in obtaining new buildings for their towns.

The principal speaker was L. C. Gibson, chief regional engineer. He said that the Mokena post office was one of 300 new buildings to be constructed by the post office department this year. Like the Mokena building the others will be leased.

THANKS MR. AND MRS. JOE WILLIAMS

When a newsman arrives at an assignment and finds that his photographer is not available due to a mishap, he really needs a friend. This happened last Saturday at the Mokena Post Office dedication. But, the newsman found a friend, two as a matter of fact, Mr. and Mrs. Joe Williams of Bur Oak Lane, Mokena.

Williams and his wife were there taking pictures of their children in both the Lincoln-Way Band and the Mokena Grade School Band and volunteered to take the pictures for this newspaper and thus saved the day. The pictures on this page were taken by them.

Thanks, Mr. and Mrs. Joe Williams for a job well-done.

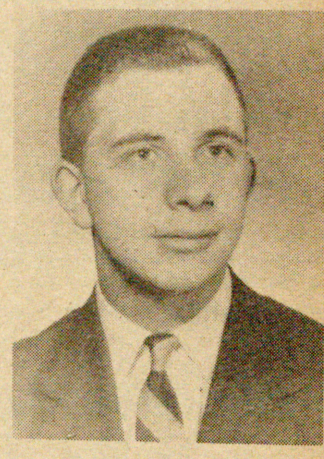

Two new teachers were hired by the Lincoln-Way high school board of education at the meeting held Thursday night at the school. John A. Tripp of Homewood will teach mathematics and freshman general science. Norman B. West of Franklin will teach mathematics.

West who is 25 years old, was graduated from Culver - Stockton college, at Canton, Mo., with a bachelor of science degree in business administration and economics. He has taught three years along with two years experience in business. His salary will be \$5,450. West is married and has two children, a son who is four years old and a girl eight months old.

Tripp, 23, who is from Homewood is a June graduate from the University of Chicago, with a major in mathematics. He is not married.

Hold Rites For Laura Hansen Of Frankfort

Funeral services were held Monday, May 15 in St. Peter's United Church of Christ, Frankfort with the Rev. Erich Elzer officiating for Mrs. Laura Hansen, 71, of 212 South Hickory street, Frankfort who died suddenly at her home Friday, May 12. She had been in failing health for several years.

She was born in Green Garden township and lived on a farm 31 years before moving to Frankfort in 1921. She was a member of the St. Peter's United Church of Christ and the Women's Guild.

Preceding her in death was her husband, Will in 1956 and a son LeRoy, last year, also two brothers, William and Emil.

Survivors include a son, Vernon; a brother George and a sister Mrs. Will Lorenzen all of Frankfort and eight grandchildren.

Arrangements were made by the Sonntag, Burgess and Wylie Funeral Home, Joliet.

Tripp, 23, who is from Homewood is a June graduate from the University of Chicago, with a major in mathematics. He is not married.

BULLETIN

A New Lenox youth, Patrick Horan, 18, of 331 N. Joliet st., was instantly killed Tuesday afternoon about 5:45 o'clock when he crashed into the side of the locomotive of the Decatur Limited at the Francis road crossing of the Wabash railroad.

Deputy Sheriff Elmer Isaacson, who investigated the crash reported that a witness, traveling east on Francis road at 50 miles an hour, said that Horan going the same way passed him and was drawing away when he ran into the side of the locomotive.

Select Mokena Girl As L.W. Exchange Student

Carol Sherwood, junior at Lincoln-Way community high school has been selected by the American Field Services to spend the summer in the Netherlands in the foreign student exchange program. Carol is the third student from Lincoln-Way selected for this honor. Last year Jane Berlin of Lincoln-Way spent the summer in Argentina.

Carol is the daughter of Mr. and Mrs. Kenneth Sherwood, Parker Street, Mokena. She has maintained a B scholastic average in her three years at Lincoln-Way.

Carol will sail from Montreal, Canada on June 9 and arrive in Rotterdam ten days later, June 19. From there she will go directly to her home for the summer at Bedum, Netherlands.

She will be an adopted daughter for the summer at the home of Mr. and Mrs. Eisse Jan Bats and their four children. Mr. Bats is the owner of an auto repair shop.

Carol is one of the 1,500 finalists in the United States to be selected for this honor. More than 10,000 students had applied beyond the local high school level.

Carol's desire to go is summed up best in her original comments to the AFS local committee:

"I think it would be the most wonderful thing in the world to live with a family abroad for six or seven weeks. There would be so very much I could learn, their customs, foods, ways of living, educational programs, and ideas of America."

"Usually, if a person has the chance to travel abroad, all he sees is the tourist spots and

not the way the majority of the people live everyday."

"I feel that if I were given the opportunity to live in a foreign country, I would try to contribute some of the feelings of freedom, liberty, and democracy that are our American Heritage. I would try to give something of myself to the household in which I would live by adapting to their customs and letting them know some of our customs. I would be helpful, happy and congenial."

CAROL SHERWOOD

Annual Poppy Day To Start In Area Saturday

Starting next week the annual Poppy Day sale sponsored by the American Legion and the Veterans of Foreign Wars Posts of this area will be held.

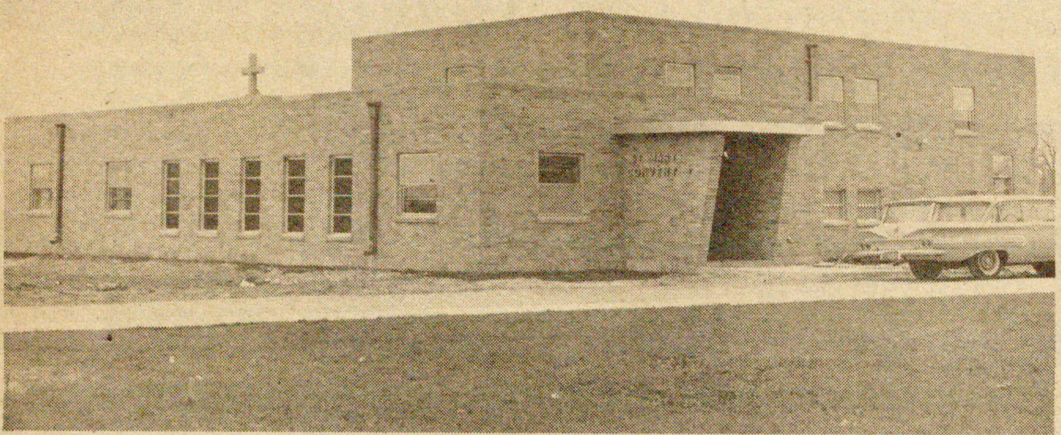

The sale will start with the New Lenox VFW and Auxiliary post on Saturday, May 20; Mokena will hold their sale on Tuesday, May 23 and Frankfort Legion Post and Auxiliary will stage the drive on Saturday, May 27.

Hundreds of orphans of America's veterans have had the chance to become healthy, self-supporting citizens because the American people have generously supported the annual Poppy Day sale.

One penny from the sale of the Buddy Poppy of the national VFW organization is used toward the maintenance of the National Home for widows and orphans at Eaton Rapids, Mich. The home is the only orphan

project of its kind being supported and maintained by the organization and is unique in the fact that it is not operated as a typical orphanage or anything that resembles an institution.

On the contrary, states Commander Edward J. O'Connor of Post 725 of Mokena, we have built a child village, a community of individual homes, one that is comparable to the typical residential section of any modern city. Children are brought up as members of an average family. There is no regimentation at the home; no uniforms, no drills, no gongs or signals. We treat them, he states, like we would our own children, with clothes to fit their individual personalities. They receive their education in the public schools, where they learn to mix socially with the children from ordinary American homes.

DEDICATION SERVICE for the newly erected St. Mary's convent in Mokena located adjacent to the church on 195th street will be held Saturday, May 20, at 7:30 p.m., with the Rev. Bishop Martin McNamara of Joliet officiating.

Following the service some 200 children will make their confirmation in the church. The

children range in age from ten years thru eighth grade and are attending St. Anthony's of Lincoln Estates, St. Mary's and public grade school in Mokena. The class made their first Holy Communion on April 30. Bishop Martin D. McNamara and Fr. Cecil Koop will officiate at the service.

GUEST SPEAKER AT FORMAL DEDICATION SERVICE at the Mokena Postoffice Saturday, May 13 was L. C. Gibson of Palos Park, chief regional engineer of postal service of Chicago.

Standing next to the insert picture is Postmaster Margaret O'Brien and three of her employees (left to right) Mrs. Spencer Hauser, Mrs. Arthur Benson and Mrs. Ralph Howell.

Depict Century Events In Church Banquet Sketch

MRS. SHERMAN KNOX
Tel. FI 9-0211

A family album skit, depicting events over the past hundred years in song and costume, was the highlight of the Methodist church mother and daughter banquet held last Thursday evening in Fellowship hall to which 185 guests attended. The ham dinner was served by the men's club of the church.

Narrator for the evening's program, Mrs. Derrell Darling, of 10256 West 151st street, wrote and directed the original skit beginning with the Civil War era, Gay Nineties, World War I, II and Korean war and ending with modern days. A cast of 40 women and children participated in the production who were accompanied at the piano by Mrs. Fred Brown. Prior to the dinner Mrs. Robert Plastow, wife of the pastor, gave the invocation and introduced Mrs. Harry Anderson, president of the Woman's Society of Christian Service, who gave the welcoming address.

As the toastmistress of the evening, Miss Sarah Stephens, English instructor at Carl Sand-

burg high school, led the audience in group singing and presented various awards.

The victory over cancer, the cruellest disease of mankind, will come thru prevention and cure. To help this cause a yearly drive is held thru out the areas. The drive recently completed at Orland Park totaled \$518.26. Of this total \$238.76 was collected by Mrs. T.R. Burke, 10155 Hawthorne and Mrs. F. Metcalfe, 10240 Hyacinth drive in the Orland Park Hills area; Mrs. Richard Heath, 9923 West 144th place was the chairman for the village of Orland Park with a collection of \$110.66 and Mrs. Harry Phil of Orland Park collected \$168.84 for Orland township.

An Old Timer alumni baseball game was played last Sunday at Valparaiso university against the 1961 varsity. Playing first base was Hank Meier of Orland, an all-time alumni football great.

The fourth annual Monmouth college student leaders' re-

present was held May 14-16 at White Pines State park near Dixon. Among the student leaders attending was James Gee, freshman, son of Mr. and Mrs. James W. Gee Sr.

Wilma M. Maue, daughter of Mr. and Mrs. Donald M. Maue of 11390 West 158th street, performed with Orchestras, modern dance group, in a "Civil War Ballet" program for Parents' Spring weekend at Rockford College, May 13.

Miss Maue is a freshman majoring in pre-medicine.

VISITS MUSEUM
Forty-five students in the eighth grade of the elementary school and teachers, Miss Carol Cann and John Davis, made a science field trip to Hinsdale Health Museum recently.

By making two trips to the Health Museum, members of Girl Scout Troop #364 were able to tour the Museum's many exhibits. Half of the Troop came one week and the other half came the following week. Both groups were escorted by their leader, Mrs. James Marousek, 8200 Paloma drive.

The exhibits at the health museum tell the story of the normal human body and its functions. Supplementing the exhibits are unusual films from the museum film library. Star attraction in the museum theater is Valeda, a life-size, Plexiglas figure of a woman whose organs light up as she tells the story of the human body.

The health museum has had over 175,000 visitors since it was opened in May, 1961, by The Kettering Family Foundation. Hours are from 9 to 5 daily and 1 to 5 Sundays. The Museum is open all year round with the exception of legal holidays. For advance group reservations write Hinsdale Health Museum, Hinsdale, Illinois, or telephone FAculity 5-1900.

E.R. Kroeger, 9440 W. 136th street, was among those individuals attending the second Ward Management Clinic at Kings Gap, Penna., guest house of C.H. Masland & Sons, local manufacturers of rugs and carpets during the past week.

During the week-long clinic, Kroeger, affiliated with a local department store in Chicago, was shown the latest selling methods, the importance of color in the selling picture and ways of measuring and installing floor and stair carpet. At the conclusion of the clinic, certificates were given to those passing the course.

ANNUAL LUNCHEON
The Palos-Orland League of Women Voters annual spring luncheon will be held at the Silver Lake Country Club, 147th and 82nd on May 22nd at 12:00 p.m.

Tickets for the luncheon are \$1.60 and may be obtained by contacting Mrs. E. Schroeder at GI, 8-0791 or Mrs. Lyle Brandt, GI, 8-2101. League members and friends are cordially invited.

Mrs. John Mullen of Barrington, local agenda chairman of the Illinois League, will be guest speaker. The topic of discussion will pertain to the manner of covering and carrying out a local issue or project.

Four members of the Parent-Teacher Association executive board attended a school of instruction at the Tinley Park Methodist church on May 9. Sponsored by the Southwest Area Council of Parent-Teacher Associations, District 19, this day-long affair was designed to instruct newly appointed committee chairmen in their duties as board members of their local P.T.A. groups.

Among the subjects studied in round table conferences were: budget and finance, membership and hospitality, programming, publicity, legislation, parliamentary procedure, and the offices of president and vice-president of the P.T.A. These study groups afforded the committee chairmen an opportunity to resolve mutual problems by discussion and to learn the programs and procedures of other P.T.A. organizations.

Executive board members who attended the school of instruction were: Mesdames William Bell, publicity, Kenneth DeRoss, vice-president and membership, Otto Kettler, program, and Elmer Kukac, legislation.

Visitors At Museum Have Opportunity To Win Prize

In honor of the Civil War Centennial, a pair of solid brass candlesticks of the Civil War era will be offered as a prize at the opening of the 109 year old Graue Mill in Hinsdale, Saturday, May 20, at 1:30 p.m.

This will be the eleventh season for the historic mill since its restoration in 1950. Announcement was made by Eugene Bodmer D. D. S. president of the DuPage Graue Mill Corporation, the not-for-profit organization which operates the mill. Later in the summer, according to Dr. Bodmer, the mill will make special observation of the Civil War Centennial.

Located a mer 18 miles west of Chicago's Loop on Salt Creek in the Fullersburg Forest Preserve, the Graue Mill stands on York Road just north of Ogden avenue. It is the only operating grist mill in Illinois and the last historic public building in the area.

Built by Fred Graue from Hanover, Germany, and operated continuously by three generations of the Graue family, the Mill fell into disuse around the turn of the century; was restored in the 30's and finally reopened in 1950 as a public museum. Visitors first see the huge wooden water wheel lazily turning in the millrace just as it did a hundred years ago. Inside, they are able to watch the ponderous original wooden mill machinery in action, and observe the great "buhr" millstones imported from France grinding corn into meal, as in the days of their ancestors.

Local tradition has it that Lincoln once strolled over to chat with Miller Graue while stopping at the nearby Castle Inn on the plank highway (now Ogden avenue) between Chicago and Springfield. When the long-deserted Castle Inn was razed recently, members of the Graue Mill Corporation were able to salvage a number of interesting items for posterity, such as a blown - glass window, an old plank door, a fragment of red calico wall covering in rare design, and others, all of which, properly labeled, will be incorporated into the Mill Museum.

Honor Scouts In Cookie Sale Drive

Special certificates were awarded recently to Girl Scout Troops in the Tri-Kena neighborhood area for their outstanding cookie sale drive.

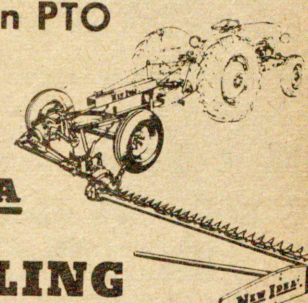

At the Trailways Council's semi-annual Council meeting held last month at the Wilmington high school Mrs. H. Forrest Beach of Joliet, cookie chairman, reported that 68,316 boxes of cookies were sold by 1,614 Intermediate and Senior Girl Scouts. Those receiving recognition were Troop #121; Mrs. J. Smoot, leader and Mrs. R. Cagwin, co-leader; Troop #319-Mrs. C. Wieringa, leader and Mrs. W. Grotewold, co-leader; and Troop #335 - Mrs. R. Lang, leader and Mrs. E. Schwarz, co-leader.

Following the cookie sale report, Mrs. Ivan F. Germain of Joliet, explained the present status of the Council's campsite fund which is composed largely of funds from previous cookie sales. After a filmstrip "Program Trends for the '60's" Mrs. Alan Hamilton of Monee, presented Trailways Council's ten year program goals.

Mrs. John E. Harder of Morris, installed newly-elected or re-elected Neighborhood chairman; retiring chairman were presented certificates of appreciation.

Opening and closing flag ceremonies were in charge of Troop #8 of Joliet and a short program was presented by Troop #335 of Mokena.

Lincoln-Way High School Needs Help

We are not advocates of high spending and high taxes and believe that the majority of the people of this area have similar feelings. Nor do we believe in giving schools a blank check just because they are schools. Some school boards, like some municipal, county, state and federal officials are big spenders, and sometimes silly ones.

On the other hand we have many officials who endeavor to conserve public funds and seek to make savings thru proper economies.

The Lincoln-Way high school, which is one of the sensible ones, is asking the people of the district to approve an increase in the educational fund tax rate. The educational fund tax rate is set by law and is used to raise the money on which schools are operated. Teachers and other personnel are paid out of this fund and supplies are purchased. In brief all the expenses incurred by a school district in the operation of a school, or a system, is paid out of the educational fund except for building repairs and maintenance which are paid out of the building fund. A district can also acquire property thru use of the building fund if enough is on hand to pay cash. The building fund is raised thru a tax levied specifically for that purpose and it too is limited by law.

When the amount of the tax levied for educational fund purposes is no longer sufficient to yield the amount required the rate can be raised by approval of the voters of a district thru a referendum.

Therefore, with approval by the voters the rate may exceed the statutory limit. In fact most school districts exceed such limit because the cost of education, like most things, has gone up.

The reason why school costs have risen is rather simple -- the population growth (see Census of 1960) means there are more children; more children mean more schools; more schools or more rooms added to existing schools means more teachers, more supplies, more equipment all of which means more money.

Suburban schools have been especially hard hit because of shifts of population from urban to rural areas. Lincoln-Way high school is one of them. When it opened seven years ago the enrollment was around 400; it is over the 700 mark now and expected to reach 900 by September.

When the school opened there were 25 members on the faculty. Today there are 42 teachers and next fall it will be necessary to add five or six more. The additional number of teachers will add between \$25,000 and \$30,000 to the payroll. Besides this the automatic salary raises due those on the payroll this year will add some \$16,000 to the salary list or a total of around \$45,000.

Teachers salaries for the current school year (1960-61) amount to \$242,925. The figure for the 1961-62 year is expected to be approximately \$283,000.

The present educational fund tax rate is 86 cents per \$100 of equalized assessed valuation. This year it produced \$336,000 in taxes against a budget of \$417,041.74. The school this year received \$46,100 of federal and state monies, including \$13,30 for bus transportation. Add the \$46,100 to the \$336,000 and the total is \$382,100. Subtract this from the budget figure and the deficit is \$24,941. With the addition to the salary list of some \$45,000 next year the 1961-62 deficit can climb to around \$67,000, unless more revenue is forthcoming.

The Lincoln-Way board of education is made up of conservative men, dedicated to the maintenance of the high educational standards followed at the school. They are also dedicated to the task of operating the school as economically as possible commensurate with these standards. There are no pro-frauds at Lincoln-Way; no icing on the cake.

The board is asking the voters to increase the educational fund tax rate 21 cents per \$100 of equalized assessed valuation. But it has said that it does not intend to levy the entire amount; only such amount as necessary to meet the needs. It seems quite possible that the 21 cents would be sufficient to meet costs for the next four or five years.

We believe the board of education merits the confidence of the public in this matter.

Finally resolved it seems to us that the issue is this. In hiring teachers that rate as good teachers Lincoln-Way high school must compete with other schools in the area when it comes to salaries. Thus far the school has been at a disadvantage because the other schools pay higher salaries. The board is asking for more money, not only to attract new teachers but also to retain those who have contributed so much to building up the school. It is simply a case of necessity.

The people of the Lincoln-Way high school district cannot afford to allow the standards to slip below their current high standing. It would take too long and cost too much to bring them up again.

On Second Thought

By GLENN F. LOGAN

We don't know how you feel about it but as far as your correspondent is concerned the United States is the first to launch a man successfully into space and bring him back to earth safely, and sound mentally and physically.

Sure, the Russians claim to have sent up a man and a space vehicle that orbited the earth. Buy why anyone should believe the Russians is incomprehensible in the face of their repeated assertions that the end justifies the means. Theft, murder and the big lie are all acceptable means to the Reds in their campaign to make the world communist. Their leaders have admitted it.

It is our belief that the Commies employed the big lie technique to discount our man-in-space program. The Reds knew our plans and enough about them to believe they had good chance of success. There was a chance, of course, that we might fail but Krushchev & Co. left nothing to chance.

The Commies have been working overtime to tear down our prestige in all parts of the world. They have used every trick in their very tricky book to undermine us in Europe, Africa, Asia and the Far East. The counteract world acclaim for our putting a man into space and returning him safely to earth the Commies simply claimed to have placed a man in orbit about the earth and brought him back. And governments as well as people believed them.

The story was broken in the London edition of the Commie's Daily Worker. This story, it should be pointed out, was different than the one coming from Moscow a couple of days later. The Daily Worker story, according to radio reports, identified the pilot as the son of a scientist and said that while he was back safely he was under the care of physicians.

The story from Krushchev was to the effect that one Major Yuri Gagarin was the man who circled the globe and was in excellent condition. There was some differences in the stories as to whether he landed in the space ship or bailed out of same and came floating down by parachute.

It seems quite likely that the major parachuted down from a high flying jet rather than a space ship, with the descent giving him opportunity for a final rehearsal of his lines.

We don't pretend to know anything about space but we have heard phony tales and the story Gagarin told had all the ring of a counterfeit quarter. Later, when he had what was called a press conference, Soviet scientists were there to do the talking.

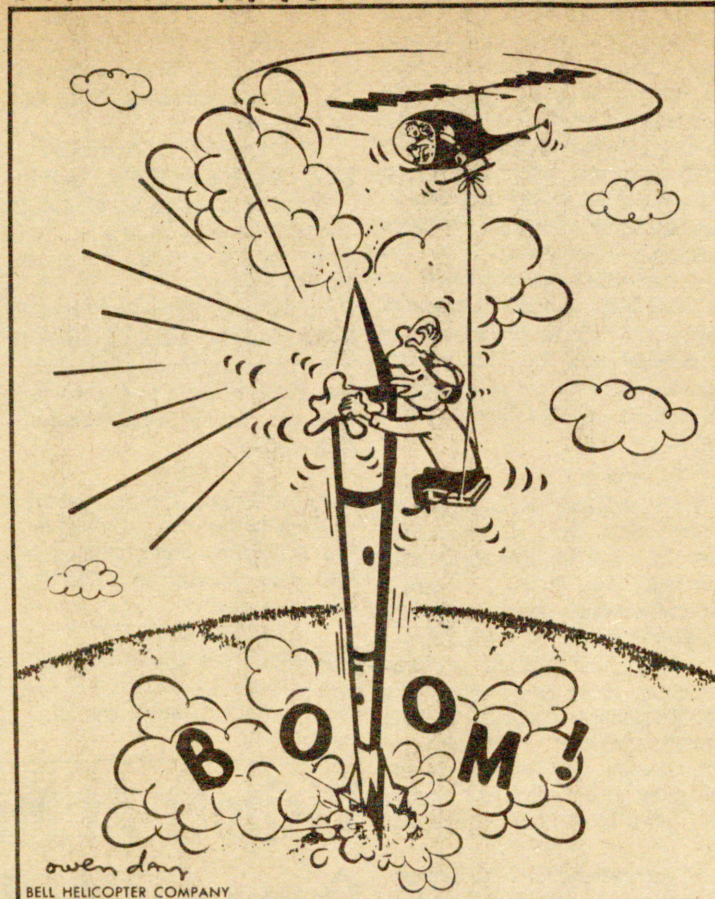

Another thing -- how come all of the scientific groups stationed about the world for the specific purpose of spotting and charting objects in orbit missed the Russian space ship?

As a people we have laughed in the past over Soviet claims of inventing the electric light, the automobile, the airplane and other marvels of modern times yet when they make claims as to their advancement in the missile and space fields we swallow them whole.

Commies never hesitate to lie or distort if it serves their purpose. That is why it causes one to wonder when people get worked up over incidents or words which they claim will serve the Reds for their propaganda mill. The Reds don't need incidents or words for such a

COPTER CARTOON

by owen day

"GRAB HOLD, JOE! YOU'RE ABOUT TO BECOME A SPACE MAN!"

purpose -- they manufacture them.

The Reds are traveling a one-way street. They want the rest of the world to travel the same way, despite the fact that the signs along such a road clearly indicate that it terminates in slavery and oblivion.

Now some of the bright boys in Washington are saying that from now on when Red satellite countries ask aid we should give them all the money or supplies they need just to show them Krushchev was lying when he told them we were a selfish people bent on conquering the world.

It makes one shudder to think that those from our state department who would guide the aid policy of congress are so simple as to think the people of a satellite country would ever learn they had received aid from the United States.

Shucks, the people living in

countries that are listed as our allies and have been receiving aid from us for many years, believe it comes from their own benevolent governments.

So if the people of the countries allied with us are kept in ignorance of the fact that the Americans have been spending money and material to help get them on their feet, you know darned well the Reds would keep the fact bottled up when it came to their people. The Reds would simply tell them that the aid came from Russia. They could go a step further, of course, and give the persons helped a grain of truth by adding, "and there is lots more where that came from."

If any of the Liars clubs ever grant membership to the Reds you can figure the Commies will carry off all the prizes every year. They have had so much practice.

Washington News Letter

BY CONG. N. M. MASON
OUR FEDERAL INCOME TAX: When Karl Marx-- more than 100 years ago -- was looking for a device to destroy the economic liberty of every individual and make the government all powerful he hit upon the Ancient Greeks' progressive income tax. Some 2200 years before Karl Marx, the all-powerful Greek government had adopted a progressive personal income tax based upon the concept of ability to pay. The Greek people were forced to hand over to their dictatorial government their hard-earned cash in proportion to their ability to pay -- that is, all their earnings above a mere subsistence. Success in life was punished; it was a crime to prosper.

On June 17, 1909, the Congress of the United States had the Sixteenth Amendment to the Federal Income Tax -- introduced in the Senate. It was passed by a vote of 77 to 0 with only a few days' debate. Three days later it passed the House by a vote of 217 to 14.

The tax rate proposed at first was 2 per cent on all incomes in excess of \$4,000. Since there were very few yearly incomes in excess of \$4,000 in that day, there were very few squawks. The Constitutional Amendment was ratified by the required number of states four years later, on Feb. 3, 1913.

When the progressive income tax actually went into operation on Oct. 3, 1913, single taxpayers

had an exemption of \$3,000. Married taxpayers had an exemption of \$4,000. The rate of tax varied from 1 per cent to the top limit of 6 per cent.

Today the exemption has dropped to \$600 and the rates run from 20 per cent at the bottom to 91 per cent at the top. We now collect annually approximately \$540 on an average from every man, woman, and child in America. The progressive income tax is today doing exactly what Karl Marx one hundred years ago said it would, namely, "destroy the economic liberty of every individual and make the government all powerful."

THE PRESIDENT'S COMPENSATORY BUDGET: The President's compensatory budget offers a typical example of how economic fallacy can be concealed behind a seemingly sound political platitude.

Mr. Kennedy said that budget balancing was not a year-to-year proposition, but should be viewed as a long range objective -- with deficits incurred by pump-priming during a decline of the business cycle, to be "compensated" for by surpluses accumulated during boom years.

The fiscal record of the past 30 years has demonstrated that when it comes to using the budget as a "cyclical stabilizer", politicians have done the opposite to what he advocates.

Out of the past 30 years, 24 have shown a deficit; only six a surplus. In other words, the surpluses did NOT "compensate" for the deficits.

Commenting on this failure to live up to the principle of compensation, the WALL STREET JOURNAL says editorially:

The ordinary citizen is the only one who does any compensating. He compensates for (deficit - financed) prodigality with taxes and rotting dollars (dollars now worth only 49¢ in buying power).

Public confidence in Mr. Kennedy is sure to be jeopardized if he insists on advocating a discredited theory.

THE RAPID GROWTH OF THE COMMUNIST DANGER: From Communism's small beginning in the backward Russia of 1917, it has spread over every part of the world, until it now holds in bondage a third of the earth's people and a fourth of its land area. It could not have happened had not persons entrusted with the destiny of the American people given the Communists the strength needed for its survival.

Under Roosevelt, our government recognized Communist Russia as a worthy member in the family of nations. Then our money was given to them -- money extracted from each of us thru confiscatory taxation.

Business & Finance

By MAURICE P. ANGLAND

In the last few weeks, the stock market, as evidenced by the Dow Jones averages, has moved up and down within a rather narrow range. A number of issues, not in the 30 industrial of the Dow Jones averages, have shown considerable activity on the up side.

Electronic stocks which are affected by the increased emphasis on missile and other defense activity, have attracted investors. Some have shown unusual price increases on the basis of world conditions. It is generally assumed that there will be greater emphasis on defense activities.

For quite some time, the well known airplane manufacturers whose fortunes were tied to government purchases of military aircraft, have been forced to radically change their manufacturing emphasis. There is a substantial over-capacity for the manufacture of air frames.

Within the very recent past, the government has indicated a change of policy and will again be in the market for the large bombers as well as missiles. In past years a major airplane manufacturer as prime contractor in acquisition of a contract, would do the majority of fabrication in its own plant. Today, the electronic components of these planes will be a large percentage of total cost and such a prime contractor, retains only a minor percentage for his own fabrication. Several of the large airplane manufacturers have added electronic departments. One such manufacturer, has become known as an electronic firm.

Speculative interest is keeping a close watch on international events.

The field of electronics is so varied and complex that many investment men now use the services of investment advisory letters in this field. There is a need to have experts advise which firms are manufacturing products meeting defense and industrial needs.

The best kind of these advisory services, have staffmen who are close to some of the large universities. Too often, the term electronics, has been used in a manner to mislead the incautious investor.

There is an old adage "as steel goes, so goes the nation." The steel business is picking up rather fast. The present rate is reported as 68 per cent of capacity. This "capacity rate," can be misleading. Steel mills require considerable time in planning and building and, therefore, must be built in anticipation of demand growth. In the past few years, capacity has been increased from about 115 million tons to about 135 million tons. It is now anticipated that 1961 production will be about what it was in 1960 -- 99 million tons. However, 1962 is expected to see much higher figures. Thomas F. Patton, president of Republic Steel reports that the recovery in general business activity is more vigorous than most people anticipated.

The stock market usually anticipates business conditions by four to six months. It seldom reflects current conditions except in unusual circumstances. The non-professional is often impressed with earnings reports for past periods and their relation to current prices. In cyclical industries, the profit margins mounts faster than sales after the "break even" point in business has been reached.

We have spent billions upon billions of dollars building and establishing defense bases abroad. We knew that some would wind up in the hands of Russia and thus give the Communists, without a penny of cost to them, ready-made, close-at-hand bases for attack on us. That has happened. Take a look around -- Eastern Europe is gone and most of Asia, including China with its 600 million souls; and an anchor point of the prophesied encirclement of the United States has been established close to our shores -- in Cuba.

It is gratifying that President Kennedy has taken a firm stand in connection with Cuba. In this instance I am in full agreement with the President.

Countryside News And Views

WILLIAM F. WHITESIDE
COOK COUNTY ASSOC. FARM
ADVISER TINLEY PARK -
KE 2-4369

The first in a series of three vegetable crop disease surveys was conducted last week. I have virtually nothing to report from the first survey since all crops are retarded from cold, wet soil conditions.

Apparently many homes in south Cook county have unwelcome guests. These guests are tiny red mites, commonly known as clover mites. Inside the house, use the vacuum cleaner or space sprays such as pyrethrum. Outside the house spray heavily with Aramite 15-W or chlorobenzilate 25-W at the rate of 8 pounds per 100 gallons of water. If a sprayer is not available, apply with a sprinkling can, using 1/4 pound to 3 gallons of water.

I have received a number of calls from school teachers wishing to take their students to a farm. A farm that specializes in this type of tour is the Community Center Foundation farm, telephone Gibson 8-0780.

When planting corn, select a higher seeding rate setting for the corn planter than the number of ears per acre you want at harvest. There is a normal drop of 10 to 15 percent due to germination, cultivation, insects, and barren stalks. If you plant at a high travel speed, the cells will not fill as completely as at a slower speed.

For the higher speeds, use a plate with a longer cell and a higher seeding rate setting.

In planting corn, one kernel every 9-3/4 inches in 40-inch rows is equal to 16,000 kernels an acre. One every 8 1/2 inches equals 18,000.

If you use a herbicide at corn planting time to kill weeds, make sure you apply the recommended rate. Check driving speed, pressure and nozzle size, as they have the most important effect on application rate.

Insecticides are deadly to insects and pests. They're deadly to human beings like yourself, too, unless you handle them with care. If you use any insecticides, follow the manufacturer's instructions exactly, whether you are using it for a few seconds or for a major job. Store in a safe place out of the reach of children.

If you do camp planning, camp counseling, or are a camper parent, plan now to attend Leisurecraft and Counseling Camp, May 14-19. The 4-H Memorial Camp at Monticello will be the scene of training, practicing camping principles, discussing philosophy, and sharing your ideas with 75 other campers. L. B. Sharp, founder of National Camp and the Outdoor Education Association, Inc., will direct the discussions and demonstrations. This is the twenty-sixth year for this Leader's Recreation Workshop.

Hints For Homeowners

By: JAMES FIZZELL, Ass't. Farm Adviser

Weeds are the result of and not the cause of a poor lawn. The best way to keep them from getting established is to fertilize at least twice a year, never more shorter than 1 1/2 inches, and to water to a 6-inch depth. These treatments will produce a thick, healthy turf which will prevent light from getting down to the weed seedlings.

If weeds do appear in the lawn it is best to get rid of them while they are still small. Once they get a good start, it doesn't take them long to crowd out the desirable grasses. When large weeds are removed, they leave bare areas that allow more weeds to grow.

Weeds can be removed from small lawns with a knife or weed digger. Chemical weed killers can be used in larger lawns. 2,4-D will kill broad-leaved weeds such as dandelion and plantain. The new granule forms are easy to use and are safer than liquid. Repeated applications may be necessary on large lawns.

Crabgrass can be controlled in established lawns with lead arsenate, 25 pounds per 1,000 square feet, or 1 1/2 pounds of actual chlordane per 1,000 sq. feet. Chlordane also kills many soil insects which attack grass.

RED SPIDER ON EVERGREENS - several species of mites that feed on evergreens are commonly called Red Spiders. These mites are small, active creatures that look like specks running about and feeding on the leaves. They range in color from pale yellow to red and almost black, with or without darker spots. The immature mites have only six legs, but after molting, the adults all have

eight legs. The eggs, laid on the under side of the leaves, hatch in about one week in warm weather, and a generation may be completed in two weeks.

Mites feed by rasping or piercing the leaves of the plant and sucking the juices and chlorophyll. A plant thus damaged will be grayish in color with leaves and even whole areas dying. This damage is due, not to the voracious feeding of a few mites, but to the feeding of the tremendous population which quickly builds up.

Red spiders feed on junipers, spruce, pines, cedars and arbor vitae, but are not found on yew. Plants that are likely to be attacked by red spider should be inspected frequently to detect and control the mites before damage occurs. A quick and simple way to inspect a plant is to shake a few branches over a piece of white paper. If mites are present, they can be seen running about on the paper when it is held in a bright light.

Capt. E. E. Hedblom, former medical adviser to the Antarctic Naval Support Force, says that half the men who volunteered for Antarctic duty were seeking escape from females.

Began Career As A Boy Mechanic

Tony Took Family Car Apart But Got It Together Again

SEMMLER NEWSPAPERS
Section 1, Page 5 Thursday, May 18, 1961

In 1925 an Overland car provided transportation between home and town for the Mrs. Amelia Bettenhausen and her large family that occupied the farm at 171st street and 80th avenue west of Tinley Park.

Her husband was dead and her task was the raising of nine children and operating a farm. Her youngest son, Melvin Eugene, did not care for farming. He loved automobiles and was enthralled with pictures and accounts of auto racing.

When he could he visited an older brother, Clarence who had set up in the excavating business and so used trucks and other power machinery. Melvin Eugene was a fascinated spectator at the repair and overhaul of these machines and ever ready to fetch and carry for the mechanics.

One day when he was nine years old — that's where the 1925 comes in as the lad was born Sept. 12, 1916 — and his mother was busy with her many chores the boy moved the Overland from the yard into a shed.

Some hours later, his mother — missing the car and the boy — began a search that brought her to the shed. She must have been agast to see the component parts of the car's power plant lying on the floor.

"What are you doing boy?" she demanded.

"Taking the car apart," the lad answered.

Could he put it together again, the mother wanted to know. The young mechanic believed he could. What's more he did — all except to set the timing.

When 10 years old he rode his bike to Hammond and back to watch the auto races. When he was 18 he went to work for the Ford Motor Co. No farming for him. The only kind of horsepower in which he was interested was a measurement for engines. It was not until he was grown and one of the nations top drivers that he became interested in farming. Now he loved it as much as he once hated it.

Like many youngsters Melvin Eugene was also interested in boxing. Jack Dempsey's star was descending. Gene Tunney's was ascending. Frequently the boys took on the roles of their heroes.

"I'm Dempsey, you're Tunney," one might say, or vice versa.

Melvin Eugene was usually Tunney, some of his companion's began calling him Tunney and wheather eventually new kids misunderstood and thought it was Tony instead of "Tooney" or Tony came easier than Toon-

ey, is not clear but in time Melvin Eugene became Tony. Tony Bettenhausen. There is a name that is known to millions of auto racing enthusiasts whether they follow the midgets or the big cars. Mention Melvin Eugene Bettenhausen and your racing fans wouldn't bat an eyelash. Some might want to know if he was related to Tony.

He owned his first racer, powered by a motorcycle engine, when he was 20 but had to hire a driver as the rules covering auto racing make 21 the minimum age for a driver.

Finally time came and Tony was literally off to the races. His story was not one of sudden success. His racing luck was mostly bad, as far as winning races was concerned but it was good when it came to smash-ups. Tony had many spills but was able to walk away from most of them.

Nothing daunted Tony. He kept plugging away and finally began to appear more often in the money. Tony drove his first race in the 124th Field Artillery Armory at 52nd and Cottage Grove on Jan. 30, 1938. But it was almost two years later when he won his first race. The prize money amounted to \$48.

From then on things began to get better. By year's end he had won 76 events and had earned over \$5,300. In 1941 he began driving the big cars. From then on he drove both types. Twice he has won the National Auto Racing crown, the last time in 1958.

In 1945 at Duquoin, Ill., the midget Tony was driving caught on fire. He leaped out of the moving torch while it was traveling 60 miles an hour. Four weeks in the hospital and then six or seven more weeks recuperating at home. Tony retired and the retirement lasted until the next spring when he stopped by the Indianapolis oval to watch the boys tuning up for the Memorial Day 500. That was all. He was offered a car and retirement ended.

Tony has driven in the big one 14 times. Most of the times the cars he had failed to stand up under the grind and forced him out but he was always in there pitching.

Tony was not only popular with the fans but with his fellow drivers. They not only admired his skill and courage but his fierce love of competition as well.

Tony has finished fourth and fifth in the 500 in cars that were completely outgunned but thanks to his ability and knowledge they finished strong. Tony was second in 1955.

This year looked like Tony's year. He had a strong car and a fast one. He always had confidence in himself but this

year it was different. He felt certain that he was going to win.

Tony was a safe driver. He always said that if you knew the track and knew your car and your reflexes were good, one didn't have much to worry about. It was what might happen to the other fellow that might affect you that gave him pause.

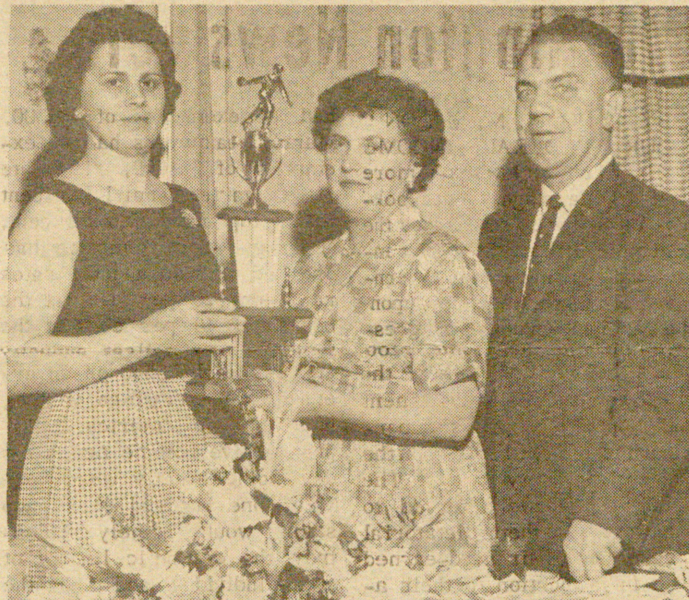

Last Friday Tony was doing a favor for a friend. He took Paul Russo's car for a trial run as Russo and his crew watched.

Then came one of those things that no one can explain. A sheared cotter pin . . . a lost bolt with resultant loosening of the front rod support. . . the front wheels going out of line and the car, traveling 145 or 146 miles an hour, crashed into the retaining wall.

And so to Tony Bettenhausen came that last spill from which no driver walks away but his reputation as a great driver, a great sportsman and a most pleasant gentleman will always be brought wherever race drivers and fans assemble.

MRS. THERESA LAWSON, captain of the winning bowling team of St. Mary's league is shown presenting a trophy to the sponsors Mr. and Mrs. Joseph Bernardin of Mokena at the League's annual banquet in Arch Inn, May 8.

Mel Kenyon To Race At Joliet Saturday

Mel Kenyon, whose conquests so far in a young season rate him as the hottest thing on four wheels, bids for his third straight feature victory Saturday night in the midget auto races at Joliet Memorial stadium.

Kenyon, of Davenport, Ia., promises to add spice to the Joliet competition. With the season only three weeks old, he has won two main events, plus two heat races, to take over the lead in the track standings from veteran Danny Kladis of Chicago.

Kenyon, 27 year old mechanic with seven years of racing experience, won a NASCAR title in Florida last year and has been going strong since.

His chief competition is expected from Kladis, who was forced out of the featured last weekend; 1957 track champion

George Sellery of Elmhurst, who led the feature for 21 laps last Saturday; and Willie Wildhaber of Dwight, winner of last week's handicap and a heat race.

Other top contenders include Byron Fisher of Lemont, Warren Scheibel of Denver, Colo., Willie Wilson of Bensenville, Bill Barnes and Bernie Wilhelm of Joliet, and newcomers Pancho Padilla of Joliet and Dick Nordberg, Lockport.

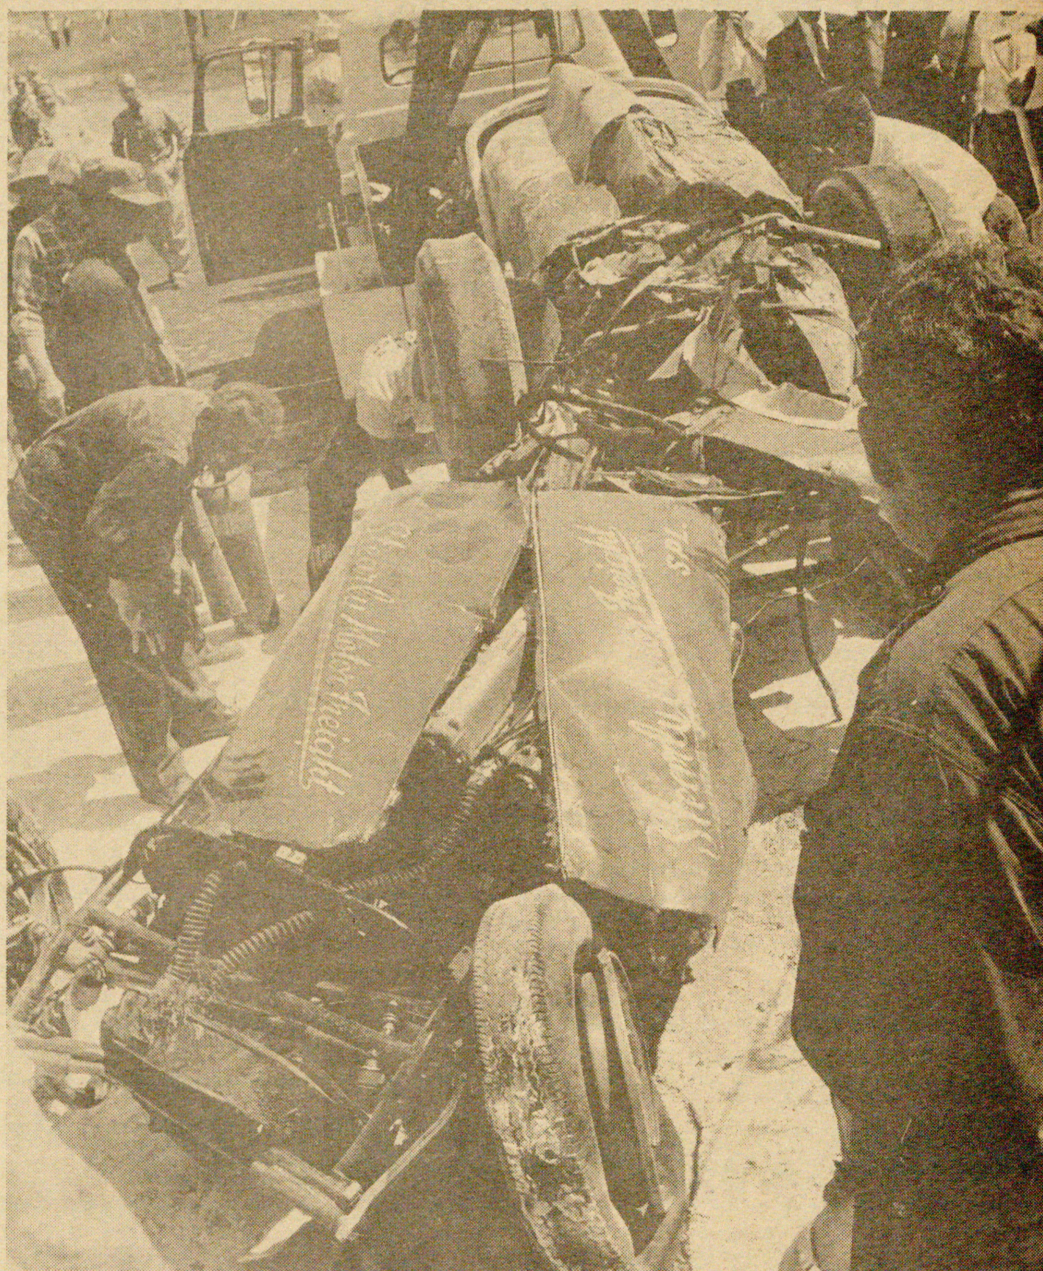

Time trials Saturday will start at 7:30 p.m. and the first race at 8:30 p.m. There will be four heat races, a handicap, 15 lap semifeature and 25 lap feature.

Gretchen Robinson of Glen Burnie, Md., asks: "When a speaker starts off by saying he's not much of a speaker, why does he have to prove it?"

WINNING TEAM in the Monday Night Men's bowling league of Mokena shown here with trophy presented at the annual banquet Monday night (May 15) at Bruns restaurant in New Lenox. The team, known as the Mokena Oilers, is sponsored

by Fred Rauch Sr. Left to right, Nick Wieler, Merle Cummons, Fred Rauch Sr., Fred Rauch Jr., (team captain) Earl Wolfgang, Jack Medema and Jack Nordsell.

NOT MUCH WAS LEFT of the race car Paul Russo was scheduled to drive after Tony Bettenhausen had taken it for a trial run. This picture was taken after the car had been lifted from the wall. Some of the damage shown here however, resulted from practically cutting the wreckage in two in order to remove the driver. (Indianapolis Star Photo)

DEATH ON TOP OF WALL--When this picture was taken at the Indianapolis speedway last Friday crews were working to extricate the body of Tony Bettenhausen, famed race driver, who met death while testing out a car for a friend. The vehicle is not exactly balanced on top of the wall -- strands from the wire fence through which the car plunged were woven about it like a web. (Indianapolis Star Photo)

New Lenox Eighth Graders To Visit Capital, Hannibal, Mo.

MRS. LEONARD ANDERSON
Tel. HU 5-3651

Two busloads of eighth grade students of Haven school left early this morning (Thursday) for their annual graduation trip to Springfield, Ill., and Hannibal, Mo. The first day will be spent sightseeing in the Capitol city and the next day they will visit Mark Twain's points of interest at Hannibal. Enroute home they will visit the Lewiston Mounds.

PTA USED CLOTHING SALE

Housewives now cleaning closets and would like to dispose of good used wearing apparel are asked to contact the following members of the PTA as the organization is sponsoring a used clothing sale Saturday, May 20 from 1:00 to 4:00 p.m. at the Haven school. For pick up service call Mrs. Harry Fox, chairman HU 5-8464; Mrs. John Staehling, HU 5-8035; Mrs. Tom Huttonhoff, HU 5-8416; Mrs. Glen Krohn HU 5-8450 or Mrs. A. J. Turner, HU 5-6149.

CALENDAR OF CLUB MEETINGS

Members of the Second Child Study club will attend their annual banquet Thursday, May 25 at 7:30 p.m. at LeBar's Restaurant in Joliet. New officers for the year will be announced by the nominating committee.

The New Lenox unit of Home Bureau will meet May 26th at 1 p.m. at the home of Mrs. Joseph Kestel, Frankfort. Craft Day will be held May 22nd at 10 a.m. at the Home Bureau office on Manhattan road in Joliet.

Instead of their regular meeting day on Tuesday afternoon May 23rd, the members of the Women's League will enjoy a tour of the American Institute of Laundry in Joliet. Those making the trip will meet at the church at 12:45 p.m. and after the tour, will return to the church for refreshments. Hostesses will be Mesdames, Grace Mitchell, Jane Anderson, Zerilda Olsen.

The Association of Commerce will meet Tuesday May 23rd for a noon luncheon and meeting in Fellowship hall of the Methodist church. Ladies of the church will serve the luncheon. Sportsmens Club will meet (tonite) Thursday, May 18th in the Lions Den on South Cedar road at 8 o'clock.

BLUE RIBBON WINNER
The local Garden Club has been notified by the Awards Committee of the Garden Clubs of Illinois, that they were one of the 42 clubs qualifying as a Blue ribbon club winner. The

announcement came from both the National Council and the Garden club of Illinois. There were 46 standing flower show entries; and 151 civic projects in competition; 20 members won the green ribbon sweep stakes award.

With a total entry of 104 dogs at the Lyons township obedience match at LaGrange, Sunday May 7th, 61 were judged in the novice classes by Cleta Olsen, Shady Acre Kennels.

Bruce Denis, 4 year old son of Mr. and Mrs. David R. Denis 182 Oakview Drive has returned home from Silver Cross hospital where he underwent an appendectomy last week. His grandmother, Mrs. George Calhoun from Waukegan, is visiting here with them.

Members of the Home-Art club enjoyed a one o'clock luncheon Thursday May 4 at Merichka's Restaurant in Joliet, with 16 members attending. The next meeting of the group will be held at the home of Mrs. Henrietta McCann Maple road, May 17th at 1 o'clock. There will be a plant exchange. Mrs. Betty Taylor will be co-hostess.

The Cloverbells 4-H club met May 3rd at the home of Mrs. Gus Termunde. Talks were given by Diane Holm, Janice Sampson and Mary Ann Sampson. A demonstration was given by Karen Sampson. Judy Termunde was elected delegate to attend the State 4-H week at the University of Illinois June 21, 22, and 23rd. Cheryl Stoner was chosen alternate.

Mrs. Irene Hanson, a nurse from Silver Cross hospital will be guest speaker at the next meeting of the group, May 24th. Hosts will be Barbara Handorf, Mary Helen Riley, and Evelyn Scapardine.

Marines Lance Cpl. George R. Sablotny, son of Mr. and Mrs. George Sablotny of 251 South Cooper street and Pfc. Charles T. Smith, son of Mr. and Mrs. Charles B. Smith of 311 East Fourth avenue are serving with the First Marine division from Camp Pendleton, Calif., participating in "Exercise Green Light" off the coast of California.

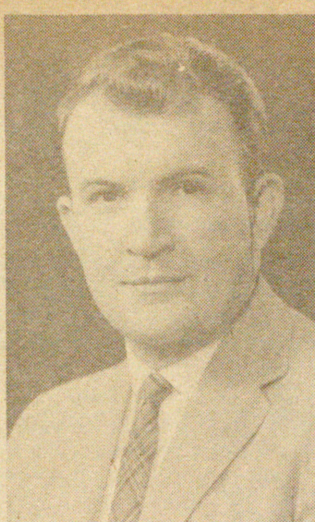

Highlight of the operation will be a large scale amphibious landing by the division in the Camp Pendleton, Calif., area. The landing force will be supported by an amphibious task force and aircraft.

THE REV. IAN BROWN

Honor New Pastor At Reception

BY VIRGINIA SASS

A reception and fellowship dinner was held in the Marley Baptist Community church on Sunday, May 7, in honor of the new pastor, the Rev. Ian Brown. Dinner was served at noon from pretty tables appointed with arrangements of daffodils. Chairmen of the dinner were Mrs. Robert Sproat, Mrs. Jack Jordan and Miss Doris Handorf. One hundred twenty five guests were present including former guest pastors and their wives.

Words of welcome were extended to the Rev. Mr. Brown by the Rev. John Spencer, graduate student of the University of Chicago and soon to be professor of philosophy and religion at Keuka college, Keuka, N.Y.; the Rev. Harold Schlink, northern area representative of the Illinois Baptist State Convention; the Rev. Paul Sanders pastor of the Palos Park Community Center Foundation, and Deacon James Tilsy.

The Rev. Mr. Brown is a native of Cape Town, South Africa. After his graduation from high school, he worked

The regular meeting of the Deborah circle will be held at the home of Mrs. Eva Metz, Tuesday, May 23 at 8:00 p.m. "Bells for bells" will be featured at the Mother-Daughter dessert-coffee on Wednesday, May 24 at 7:00 p.m. in Fellowship hall. The affair is being sponsored by the WSCS of the church and tickets may be obtained from any circle member or Mrs. Dorothy Lewis at HU 5-8229.

in a bank for three years. He came to Chicago in 1953 where he attended the University of Chicago and received his B. D. degree from there in 1958. Shortly after this he became assistant pastor of the First Baptist Church at Kalamazoo, Michigan. He served as minister to Baptist students at Western Michigan University and also worked with students at Kalamazoo college.

He was united in marriage with Miss Elizabeth Bartholomew in Chicago in 1956. They have two children, Craig 3 years, and Ann, who is 10 months old.

Life Resident Of Mokena, Dies

Erhardt Oswald, 86, lifelong resident of Mokena died Monday, May 15 at the Bensenville home for the aged of the United Church of Christ, where he resided the past three years. He had undergone surgery two weeks ago and was recuperating satisfactorily.

He was born in Mokena, October 25, 1874. At one time he was associated with his late brother Julius in the masonry business and laid much of the sidewalks in the village of Mokena. Following his marriage to the former Henrietta Dolph of Guthrie, Okla., he and his brother-in-law, the late Lawrence Schweiser of Joliet, operated a meat market, specializing in homemade sausage, in the building now occupied by the Mokena Laundromat.

Preceding him in death besides his wife Henrietta and brother Julius was a sister Mrs. Rose Bechstein of Mokena.

He is survived by two sons Harry J. of Evanston and Dolph of Guthrie, Okla.; two sisters, Mrs. Lydia Ryan of Mokena and Mrs. Louise Schweiser of Joliet and three grandchildren. Funeral services will be held Wednesday at Hirsch Funeral Chapel at Tinley Park with the Rev. William Riemann, former pastor of St. John's United Church of Christ, Mokena, officiating. Burial will be in the church cemetery.

Contract Let To Construct New Postoffice

Announcement has been made by postmaster General J. Edward Day that a contract has been signed for the construction and lease to the Post Office department of a new post office building at Frankfort.

Mr. and Mrs. George R. Mezei, 12000 South Greenwood, Blue Island were the successful bidders. Ground breaking and construction will begin soon with completion set for October 1, 1961. The lease will run for ten years with four 5-year renewal options.

This completely modern postoffice building will be located at the Southwest corner of Oak and Nebraska streets. It will provide 2,279 square feet of interior floor space, a 180 square foot loading platform and 4,825 square feet of hard surfaced parking and truck maneuvering area.

Specifications call for modern lighting and equipment; low open patron service counters and air conditioning.

Cub Scouts Build Shack

Five Cub Scouts of Den 2, Pack 318 of Oak Park have recently built a shack from material secured from various homes; and the boy's are justly proud of it, be it ever so humble. In the building of the shack were Lloyd Christensen, Billy Clark, Kenneth Taylor and David Whiteford. Their Den mother is Mrs. Rose Christensen.

When the northern lights illuminated the sky over Washington, D. C., several firemen phoned in to their stations to ask where the fire was.

Long Hours Mark Day For Teachers At L-Way

Teaching is often considered a job of nine months duration with approximately seven hours work per day. This is not the case at Lincoln-Way high school.

In a recent survey taken at Lincoln-Way it was learned that the average teacher spends nearly nine and one half hours per day, five days per week at the school. In no case was this extra work compensated with an overtime pay, some 24,800 hours were given last year to student activity at the cost of about \$2,000 or about .12¢ per hour.

One teacher listed in the survey averaged a work day of 10 1/2 hours during the entire school term and received just the salary listed on the schedule for a person of equal time and educational degree. No teacher in the survey worked less than an average of 8 1/2 hours per day.

The faculty spent over 1,000 hours working with student clubs in the course of a year and received no special remuneration for this activity. This is one of just four or five activities in which the Lincoln-Way teachers spend extra time with students.

More than 30 per cent of the faculty is engaged in further study after the school day, clubs, etc. are over. Some are engaged until late at night on at least two evenings a week keeping abreast of what is happening in their particular field of teaching.

The summer vacation that comes to teachers the second week in June is usually spent

in further preparation; to insure better job of classroom teaching. Nearly half of the Lincoln-Way teachers will be involved in graduate study this summer. Most of the teachers are working toward a Masters Degree with a few beyond this level of study.

Others not in graduate school will spend the summer in a teaching program of some sort or an enrichment program to help them do the job better next fall. Only one teacher plans to relax this summer. However, this teacher has been attending classes during the school year at night.

The summer vacation has become a source of real education advance for the Lincoln Way student. The student benefits from the added knowledge which the teacher is given the opportunity to gain during the summer recess.

Most of the faculty members will have to pay their own tuition and maintain a living for themselves and their families in another place for the summer. This program is vastly different than most industries who are glad to put enterprising employees through a short course summer program at company expense.

The only financial remuneration for advanced study at Lincoln-Way is a \$200.00 salary differential from the BA to the MA level. Thus it is the concern of the Lincoln-Way faculty members, and not the financial consideration, that sends this high per centage of teachers back to school in the summer, concluded the surveyor.

Sets Exam Date For Academy Appointments

Congressman N. M. Mason announced today that on Monday, July 10, he will hold a civil service examination for designation to the United States Military, Naval, Air Force, and Merchant Marine academies to fill the 1962 vacancies.

The examination will be open to all young men who are residents of the 15th congressional district, and who are between the ages of 17 and 22 years and can meet the qualifications of the academies.

Information and application forms may be secured by writing Congressman N. M. Mason, 1103 House Office Building, Washington 25, D. C.

Street Repairs A Must,

Street repairs was the subject that claimed most of the attention of the Frankfort village board at its meeting Monday night.

The board is willing but the village purse is weak -- too weak at present to start the expense of a complete rebuilding program which Trustee Milton Subbert estimated would come to some \$37,000.

Subbert outlined repairs involving eight streets which he believed would cost approximately \$8,800 -- E. Bowen, Fifth st., W. Oak st., Linden, Nebraska, Kansas, Maple and Pacific.

Village Engineer Robert Hamilton presented a resolution adopted by the board which would cover the improvement of E. Bowen, from White street to the village limits and Smith street from Elwood to W. Bowen. It was estimated the E. Bowen project would cost about \$3,300 and the Smith street repairs, \$1,545. These costs would be borne by the village share of the state motor fuel tax fund.

This resolution was adopted as well as another which designates two thoroughfares as arterial streets, E. Bowen, from White to the village limits, a distance of 700 feet, and Linden ave. from Nebraska to a point 330 feet south of State Aid Rt. 4, a distance of 1,150 feet. Mayor George Sangmeister said street repairs were a "must".

The work outlined for E. Bowen and Smith street would cover the building of a rock and gravel base which could be surfaced later.

D'Andrea Construction Co., which installed the sewer mains at Frankfort, has a crew in the village this week cleaning up some streets and sealing manholes.

Before street repairs get underway the village board wants all persons who have not done so to get their sewer connections made. Village Clerk Walter Pfaff said he has issued 369 permits for sewer connections and that 350 have been made. There are 406 potential connections so 37 householders have yet to apply for permits.

A group of residents from 95th street came before the board to state that a ditch was necessary to carry off surface water from their properties and wanted to know if there would be any objections to them proceeding with the work, at their own expense and on their own property. The board said that under such conditions the property owners could go ahead with the program.

School Closes June 5 At L-W

A. Hunter Chapman, principal of Lincoln-Way high school, announced that the closing of school for the summer recess is set for June 5 instead of June 6. School will be in session for just two hours on Monday, June 5. Primary purpose will be to pass out student grade cards.

PTA Officers

The District 19 director of Illinois Congress of Parents and Teachers, Mrs. P. L. Jochum, will install officers of the recently formed Sedan Prairie Parent-Teacher Association at the May 18 meeting, to be held at 8 p.m. in the school.

MIDLOTHIAN
147TH & CRAWFORD AVE. MIDLOTHIAN

Install Mrs. C. Lauffer As New President Of PTG

MRS. EDWARD HOVI
Tel. Mokena 5740

At the final meeting of the current school year of the Parent Teacher Group of the Summit Hill school there was installation of new officers. They were installed by the immediate past-president, Mrs. Guido Gini.

As soon as Mrs. Clarence Lauffer had been installed as the new president, she asked for and received a round of applause for Mrs. Marvin Rognlie, retiring president.

There were reports given by the committees, and a health committee will be formed on the request of Charles Rellis, principal.

The plans for the All-Family picnic are in full swing. So far, there are 248 who have indicated that they will attend. The picnic will be held at the Mokena Park on Sunday, June 4.

Mrs. Fred Hentsch was presented with a corsage as a token of esteem for one who has given freely of her time and effort for many years in the Parent Teacher Group. She has been chairman of the Ways and Means committee during the past year.

The meeting was adjourned and cake and coffee were served by Mrs. Guido Gini, Mrs. William Dugan, and Mrs. Ray Doner who acted as hostesses for the evening.

The card party to be given by the Kindergarten Association, will take place at the Summit Hill School Saturday, May 27 at 8:00 P.M. Tickets will be sold from door-to-door at \$1 per person, or may be obtained at the door.

A book of S and H Green Stamps has been donated for use as the evening's award. People who can bring cards for use that night, will please call Homer Pierce at Mokena 5393.

Proceeds will go toward equipping the kindergarten.

Voting for increase in tax rate for educational purposes for Lincoln-Way high school, up to 21¢ per \$100 equalized assessed valuation will be held Saturday, May 20 in the school from 12 noon until 7:00 p.m. To be eligible to vote you must be a citizen living within the school district 210 for 30 days, in the county 90 days and in the state of Illinois for one year.

There is a physical fitness program being organized by a group of interested people in the Mokena area.

The program will include all children of school age, six or over. It will be supervised by a professional instructor. The sessions will be held five days a week. There will be exercises in the school gym and sports at the Mokena park after lunch. The activities will be held entirely in the school gym on days of bad weather.

Two hundred or more families are wanted to participate at a planned cost of \$10.00 per family per year. There will also be need of volunteers to aid in the supervision of the activities.

If all goes as expected, there will be activities for the parents in the fall; one night for the men and another night for the women. About the first of June has been the target date set for the launching of the program.

Everyone who is interested can contact James Surovick, police magistrate of Mokena, by calling Mokena 2071.

The next meeting of the Civic Association will be held Tuesday, June 6 at the local school. Refreshments will be served after the meeting.

The discussion and voting on the By-Laws has been re-scheduled for this meeting, since a quorum was not present at the last meeting. By-Laws are important to any organization, and they should be put in proper

order as soon as possible. Make a special effort to set aside June 6 for this vital meeting.

Mrs. Walter Plumly of 19333 South Oak Street was hostess for this month's Treasury Wives Luncheon on Tuesday, May 9. Those attending were: Mrs. H. Lynn Cavin of Elk Grove Village; Mrs. Randy Mobbs, Mrs. Stanley Wolicki and Stevie Wolicki, and Mrs. Don Ward and Ricky Ward all of Park Forest; and Mrs. Archie Estes, and Mrs. Marvin Rognlie and Christie Rognlie of Arbury Hills.

There are new neighbors at 9443 West Hickory Street, Beverly and Daniel De Vore moved here about three weeks ago from Beverly Hills, Chicago. Beverly and Daniel have one daughter, Kim, who is just six months old. Daniel is a sales representative for an insurance company.

Marie Ann Hovi had a party for her sixth birthday on Tuesday, May 9. The children present were: Kathy and Bobby Burdett; Laura Lee Veltman; Scott Williams; and Sherri and Vincent Rasor.

IN THE CHURCHES
COMMUNITY BROTHERN CHURCH

Rev. Dean Fetterhoff, pastor Sunday School 9:30 a. m.; Worship service - 10:30 a. m.; located in Arbury Hills school. Morning worship service will start Sunday, May 21 marking a milestone in the church with services starting at 10:30 a.m.

Work began on December 4 of last year when a Sunday school was opened under the direction of the pastor. Sunday school hour will be changed from 9:45 to 9:30 a.m. with morning worship service at 10:30 a.m.

Presents 10 Year Pins At Open House

Tinley Park state hospital presented two 10 year service pins at ceremonies in connection with Mental Health week. John L. Cutler, M. D., superintendent of Tinley Park State hospital, received a service pin for ten years with the department of public welfare. Dr. Cutler received his degrees in medicine from the University of Illinois. His early practice was in Wyoming and Salt Lake City, Utah prior to his association with the department of public welfare in 1950 when he was placed in charge of the acute hospital at Elgin and later placed in charge of the veterans section.

In July 1957 he came to Tinley Park and is certified as a mental health administrator by the American Psychiatric association.

The other ten year service pin was awarded to Mrs. Ardelia Fitzpatrick of Markham, who is employed in the dietary department at Tinley Park State hospital. She came to Tinley in 1958 from Chicago State hospital.

Awards were presented by Burley Orrison, business manager, who presided at the award program.

Other observances of mental health week included an open house Sunday, April 30, which drew more than 600 people.

Lincoln Estates

Install Mrs. Hicks As Head Of Rutledge PTA

MRS. EMIL WILLE
Tel. Frankfort 5277

Mrs. Dwight Hicks was installed as president of the Ann Rutledge PTA when the group held its last meeting of the year Monday night at the school. Bernard Kandyba served as installing officer.

Other officers are Mrs. Larry Vaughn, vice president; Mrs. William Frankenberg, secretary, and Mrs. Wendall Jenkins, treasurer. Floyd Martin spoke on the tax referendum for Lincoln - Way high school to be voted on Saturday. As program chairman, Martin reviewed and evaluated the programs of the past year.

A report was given on the meeting of the Easter area council which was held at Haven school in New Lenox. Installation of officers was held at this meeting. Mrs. Marjorie Smith of Manhattan was elected president of the council. Program books and ideas were exchanged between the units. Those attending from Lincoln Estates were Mrs. Dwight Nicholson, Mrs. Wendell Jenkins, Mrs. Avery Heston and Mrs. Hicks. The next council meeting will be at Beecher

next Monday from 9:30 a.m. to 2:30 p.m. This will be a workshop.

The room count was won by Mrs. William C. Davidson's fifth and sixth grade rooms. Refreshments were served by first grade mothers. They were Mrs. Floyd Harmon, chairman, assisted by Mrs. Frankenberg, Mrs. Frank Kovar, Mrs. Stanley Staton and Mrs. James Delaney.

The Auxiliary police of Will county will hold the next meeting Sunday at the Ann Rutledge school.

Ray Van Donk has been participating in the go-cart races held Sunday near Richton Park. He has won two trophies, in the races.

Mrs. Charles Jones and Mrs. Steve Kubeck, leaders of the Lincoln Lassies 4-H club, attended the school for 4-H leaders held Tuesday at Theodore Street Lutheran church in Joliet.

The fifth and sixth grade classes of Ann Rutledge school, along with their teacher, Mrs.

William Davidson, went to the Field Museum Tuesday as the annual field trip. Mrs. Avery Heston and Mrs. Henry Eblevins accompanied the group. The trip was made by chartered bus.

Pre-registration Round-up day was held at the Ann Rutledge school Tuesday. There were 26 children registered to start school in September. Mrs. Frankie Johnson, school nurse was present and spoke to the mothers. The children were entertained with a film cartoon. Refreshments were served.

The Recreation club of Ann Rutledge school held its last meeting of the school year Friday. Officers for the next year were elected. They are Jayne Wheeler, president; Linda Vaughn, vice president; Donna Hicks, treasurer, and Patty Balsie, secretary.

Mr. and Mrs. Carl Bergstrom and Nancy and Carl Jr., of Chicago spent Sunday in the home of Mr. and Mrs. Charles Jones.

Week-end guests in the home of Mr. and Mrs. William Frankenberg were the latter's sister, Mr. and Mrs. Mark Phelps and family of Merrillville, Ind.

IN THE CHURCHES
CALVARY BAPTIST
Rev. S. E. Waldemer, pastor Sunday School at 10:00 a.m.

Starts Fri. May 26th 'ONE EYED JACKS'

forecast for **ENERGY**

Bigger and faster jets will help thrust America's demand for energy twice as high by 1980

Big jetliners use more than 2,000 gallons of fuel per hour. When you consider the increasing number of military and commercial aircraft that criss-cross the nation's skies, it's easy to see why our energy needs are climbing. Vast amounts of energy also are needed to melt, treat and process the materials used to build aircraft. Aviation is just one of many industries calling for more and more energy. America will consume twice as much energy by 1980.

Where will it come from? Much will come from present energy sources, some from new ones. Wherever produced, a large share of energy in its most efficient and usable forms will be transported by pipelines. Texas Eastern's natural gas pipelines, which stretch from the Mexican border to the Atlantic Seaboard, have capacity to fuel thousands of factories and heat millions of homes. Our Little Big Inch pipeline system, largest of its kind, delivers liquid petroleum products from Gulf Coast refineries to Midwest markets. Looking to the future, Texas Eastern is growing and diversifying today to meet tomorrow's energy needs.

Green Garden

Install WSCS President On Sunday

MRS. KATHARINE HEISNER, Tel. Frankfort 5187
Mrs. Chester Steinberg was installed as the WSCS president of the Green Garden Methodist church Sunday with the Rev. Stanley Ballard officiating.
Others installed include Mrs. Edwin Dralle, vice president; Mrs. William C. Bettenhausen, secretary; Mrs. Elmer Morrison, treasurer; Mrs. Norman Gill, promotion secretary; Mrs. Harold Ullrich, secretary of missions; Miss Emma Andres, Christian social relations; Mrs. Carl Weas, spiritual life; Mrs. Richard Borms, literature and publications; Mrs. Alfred Krapf, supply, and Mrs. Earl Bettenhausen, local church activities.
Marie Ann Bettenhausen was the honored guest when her mother, Mrs. Earl Bettenhausen, entertained the sixth grade class of the local grade school at her home in honor of her 12th birthday. The event was held Friday after school. Luncheon was served, including a birthday cake and favors. Games were played. Also attending were the teachers, Mrs. Gladys Koennig and William George.
On Thursday, May 25, Mrs. Clarence Johnson will entertain the Family Life circle at her home. Co-chairman will be Mrs. Kenneth Knickrehm, Miss Esther Bettenhausen will have devotions. Mrs. Chester Steinberg will preside at the business meeting. Discussion will be led by Mrs. Knickrehm. An election of officers will be held at this meeting.
The local grade school will hold its potluck dinner and picnic at the school Sunday, May 21, at noon. In charge of the day's events are the officers of the PTO.
Andrew Swanberg was taken to Silver Cross hospital last Sunday where he is a medical patient.
Mr. and Mrs. Roderick Rainford and Roger, accompanied

Mr. and Mrs. Joseph Clelland and David of Joliet Sunday when they motored to Normal to attend open house at Illinois State Normal university. Mrs. Rainford's daughter, Ruth Ann, is a student there.

METHODIST
Rev. Stanley Ballard, pastor
Worship service-10:30 a.m., Sunday School-9:30 a.m.
The daily vacation Bible School will begin on June 5 thru June 16 with Mrs. Clyde Weber as chairman. Mrs. Raymond Bettenhausen is in charge of registration from 8:30 to 11:30 a.m. Monday thru Friday.
The Always Faithful class is meeting with Mrs. Elsie Andres Thursday, May 18, at 7:30 p.m. Chairmen for the recreation and refreshments are Mrs. Ray Sutton, Mrs. Norman Krapf, Mrs. Siegfried Beckman, Mrs. Earl Bettenhausen, Mrs. Alfred Krapf, Mrs. Harry Bettenhausen and Mrs. Adolph Ullrich. The meeting will be presided over by Miss Emma Andres, president. Devotions will be given by Mrs. Fred Bettenhausen and the special by Mrs. Marie Bettenhausen.
Home Bureau unit met in the home of Mrs. Ralph and Mrs. Earl Smith Friday evening. Dessert-coffee was served prior to the meeting to the 15 members present. Homemakers Creed was read by the group.
You and Your Future, the title of the major lesson was

given by Mrs. Alfred Krapf and Mrs. Anthony Zakus. A skit pertaining to the lesson was presented by Mrs. Harold Scheer, Mrs. William Schram, Mrs. Edwin Dralle and Mrs. Earl Weas.
Mrs. Elmer Schoop, gave the minor lesson on "How to remove grease spots from upholstery". For recreation, Mrs. William Schram, enacted a pantomime on guessing the name of a flower.
The next meeting will be held in the Peotone legion hall, June 5 at 1:00 p.m.
Mr. and Mrs. Earl Bettenhausen entertained the following guests in their home Saturday evening: Mr. and Mrs. Charles VanGampier, Mr. and Mrs. Albert Steinberg, also Mr. and Mrs. Clarence Harnack of Peotone. Cards were played and later refreshments served.
Complain Of Storm Water
Complaints regarding the storm water situation in the vicinity of Second ave. and Pine st. were addressed to the New Lenox village board at its regular meeting last week.
The drainage problem of that area has been a sore spot for years and does not appear to be getting any better, according to residents there.
People living in the area have been trying to get the village board to do something to eliminate the problem. The board has been discussing the situation for a long time and in the past two years has attempted to do something but its latest effort failed for lack of an easement thru which to route a storm drain.
Lack of funds has hampered the village in attempting to relieve the situation but for the past two years it has had approximately \$9,000 available for the purpose. Within the past year the village had taken bids on the proposed improvement and awarded a contract, subject to the village getting the necessary easements. Unable to do this the project was dropped for the time being.
It is claimed that some of the drain tiles in the area have been blocked and this is said to be a contributory cause to the situation.
Some changes in committees were made by Mayor Stanley Gilmore and approved by the board. Evans Drotts was moved from public property to accounts and finances. Taking Drotts place on the public property committee is Robert Randolph.
Eugene Hunt will be in charge of streets and Donald H. Anderson will head the committee on public health.

Marley
Womans Club Elects
Officers For Coming Year

BY VIRGINIA SASS
The Marley Woman's club met on May 11 at the home of Mrs. John Riley. Mrs. Royal Corp was the assisting hostess. Dessert-coffee was served at 1:30 o'clock. The meeting was called to order by the president, Mrs. Wm. Dudlcek. The annual election of officers was held and resulted with Mrs. Freda Parchen chosen president, Mrs. Glenn Smith, vice-president, Mrs. John Riley, secretary and Mrs. Loren Sass, treasurer. Plans were made for the annual picnic to be held in Haley Park on Thursday June 8 with Mrs. Adella Sproat and Mrs. Victor Zaloudek as co-chairman. A planned picnic dinner will be served at noon. Mrs. John Peceniak will be in charge of the recreation. Each member is to bring a 25¢ gift for a prize and if she brings a child, also bring a 25¢ gift for each child.
The program was a cake decorating demonstration presented by Mr. Facinelli of New Lenox. Cakes were awarded to Mrs. Adella Sproat and Mrs. Wm. Dudlcek. Miss Bessie Sproat was guest of the group.
Mr. and Mrs. Edward Sproat spent Saturday at Illinois State Normal University where they attended Mother's Day activities as a guest of their daughter, Bonnie.
James Frazer attended a wake for Mrs. Mose Dianne at St. Ann, Ill., on Wednesday night. The Marley church will honor their grade, high school and junior college graduates at a fellowship dinner and program in the Marley church on Sunday, May 21st. Dinner will be served at 12:30 o'clock with Mrs. Harwood Stellwagen and Mrs. Charles Stevert in charge.
Mrs. Adella Sproat and Miss Bessie Sproat were guests of the Channahon Woman's club in the Masonic Hall in Channahon on Wednesday.
Mr. and Mrs. Loren Sass entertained at a dinner in their home on Saturday night. Guests were Mr. and Mrs. Wayne Peterson and family of Melrose Park; Miss Cheryl Sass and Dean Hudson of Illinois State Normal University; Mr. and Mrs. Daniel Sass and Louis F. Sass.
Mr. and Mrs. Alvin Standley and Eldon Standley of Kirkwood, Mo., were dinner guests Thursday night in the home of Mr. and Mrs. Clifford Barry and family on Maple Road.
Mr. Charles Elliott, Sr., Mrs. John Hasibar, Mrs. Charles Ingram and Mrs. Charles Elliott, Jr. attended the luncheon and program in the Palos Park Presbyterian church on May 17th.

New Superintendent
For Oak Forest Hospital

(CNS)—Edmund G. Lawler, 33, was named Wednesday to succeed Carl K. Schmidt, Jr. 54, who resigned as superintendent of the 3,000 bed Oak Forest hospital.
Lawler, of 10655 S. Hamilton ave., moves up from a \$10,500 a year job as assistant warden at the County hospital which he has held since 1956 to the \$17,599 a year post plus living quarters at Oak Forest.
Schmidt, who had headed Oak Forest since 1953, will become deputy executive director of the National Society for Crippled Children and Adults at its national headquarters at 2023 Ogden ave., beginning May 17. The new job, Schmidt said, "will pay more."
The appointment was announced by County Board President John J. Duffy.
Lawler holds a master's degree in hospital administration from Northwestern university. He previously worked as an administrative assistant at St. Luke's hospital and had similar experience with the U.S. Army. His father, Dr. Edmund, served as chief of pediatrics at Little Company of Mary hospital in Evergreen Park from 1930 until his death in 1959.
Lawler lives with his wife, Jean, their two sons, Edmund, 8, and Timothy, 5, and their two daughters, Marianne, 3, and Eileen, 1.
Oak Forest has 2,299 patients but two projects soon to be complete will bring the bed capacity to 3,000. The hospital occupies 60 buildings and lies on a 337 acre tract of land at 159th st. and Cicero ave., in an unincorporated area near the village of Oak Forest.
It is one of the largest hospitals in the world devoted to the care, treatment, and rehabilitation of chronically ill and geriatric patients.

Illinois Lawn Firm Expands Its Services

Illinois Lawn Equipment Co. moved into its new quarters at 14750 LaGrange road last week and while there is landscaping still to be done the firm is now serving its customers from its new location. It had outgrown its quarters on 143rd place.

Robert Johnson, head of the company, said that with expansion of the plant the firm is now in a position to take on additional home customers. For the past seven years the company has been serving golf courses and park districts in the region.

It now has the most modern service facilities in the mid west, Johnson said.

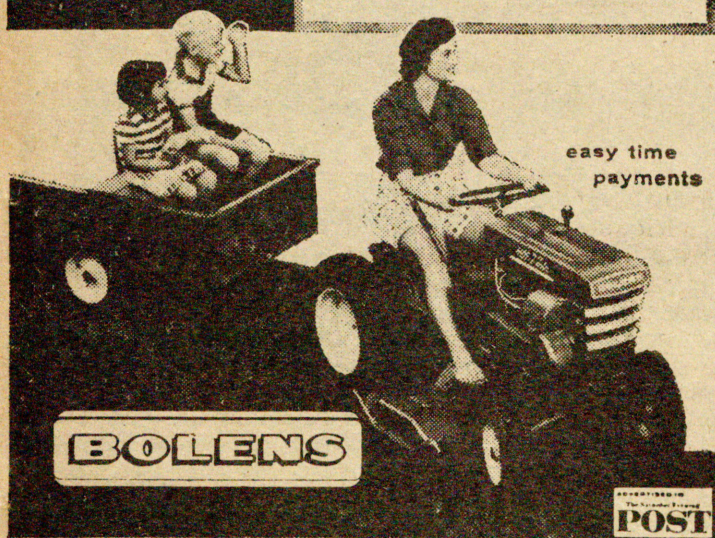

The new plant has 5,500 square feet of floor space with the latest proven machinery for the maintenance of mowing equipment. The firm also sells mowers to serve homes as well as large area such as parks and golf courses.

Site of the new plant covers two and a half acres.

A bad egg weighs less than a good egg.

MR. AND MRS. RONALD F. FOSTER

(Robert Porter photo)

Hohenstein-Foster Vows Read In Frankfort

Wedding promises were spoken by Miss Carol Hohenstein and Ronald F. Foster at 7 o'clock the evening of April 22, 1961 in St. Peter's United Church of Christ, Frankfort.

The Rev. Erich Bizer officiated at the marriage service uniting the daughter of Mr. and Mrs. Robert Hohenstein of Mokena and the son of Mr. and Mrs. Marion Foster of 13804 West 145th place, Lockport.

Guest soloist was Sherrill Weichbrodt, who was accompanied at the organ by Mrs. Erich Bizer.

Escorted by her father to an altar festooned with bouquets of white carnations and gladiolas, the bride wore a floor-length gown of white organza designed with a pearl decorated square neckline, organza trimmed skirt with lonsa lace, long sleeves and a short train. Her fingertip veil was held in place with a crown of flowers and she carried a bouquet of lilies of the valley centered with two natural orchids. Pearl earrings and a necklace with a pearl mounted on a small leaf, gift of the groom, was the bride's only jewelry.

Mrs. Marilyn Simrell, sister of the bride, was matron of

honor. She was attired in a street length dress of light blue organza with ruffle inserts in the back of the skirt from the waistline to hem preceded by a rose of self material placed at the waist. A hat with a high crown with net veiling completed the outfit. She carried a cascade arrangement of pink daisies and cymbidiums.

Bridesmaids, Mrs. Shirley Warning and Miss Janet Timm, were gowned identical to the matron of honor in a darker shade of blue.

Preceding the bride to the altar was Laura Simrell, niece of the bride and John Foster, nephew of the groom who served as flower girl and ring bearer. Carrying a basket of rose petals the little flower girl wore a short light blue silk dress trimmed in dark blue velvet. A tuxedo with white jacket was worn by the ring bearer.

The duties of the best man was carried out by Larry Burnworth and David Farney was the usher. Both men wore tuxedos

with white jackets.

Mrs. Hohenstein, chose a light moss green lace dress with matching jacket with brown accessories for her daughter's wedding, while the groom's mother was attired in a light blue lace dress accented with a silk cummerbund and blue matching accessories. Both mothers wore an orchid corsage to complete their outfits.

Following the wedding a reception was held in the VFW hall, Mokena.

After a week's honeymoon in Missouri at the Lake of the Ozarks the new Mr. and Mrs. Foster are now residing near Lockport.

The bride is presently employed with the United Optical Firm of Chicago while the groom works for the S and S Sink Top co. in Frankfort.

Name Winning Teams At Annual Bowling Banquets

Highlights of the annual spring bowling banquets held during the past two weeks of Mokena Leagues revealed the winning teams and presented the sponsors with display trophies.

Beginning with the Ladies League banquet held May 3 at Martique restaurant the winning team was Jim's Tavern sponsored by Jim Surovick. Members comprising the team are: Angie Surovick, captain, Frances Schwarz, Kathy Pethes, Lydia Groth and Clara Heinecke.

A plaque was presented to the captain of the winning team of the Sunday night mixed league when they held their banquet on May 6 at Silver Lake country club. The league is sponsored by Jim Surovick. Players of the winning team include Whitey Carlson, captain; William Schalk, Robert Fortman, Pat Lehman and Gertrude Steinmetz.

Ed O'Connor, vice-president of St. Mary's League acted as master of ceremonies when the groups' banquet was held at Arch Inn, May 8. Mrs. Therese Lawson, captain of the winning team, presented the trophy to the sponsors, Mr. and Mrs. Joseph Benardin. Other members of the team are: Frank Mraz, Lola Harnack, of Frankfort; Hillard Reszel and Fr. Cecil Koop.

Special awards presented by the master of ceremonies included achievement to Ann Was-

stis and Frank Mraz; high scratch game - Joe Raiser, 235; high gross game - Art Marshall - 243; high scratch series - Andy Harr - 598 and high series with handicap - Frank Mraz - 640.

"The Oilers" sponsored by the Mokena Oil co. nosed out the leading Richardson Market by a half game to be named the winning team of the men's Monday night league. Team members are Fred Rauch Jr., captain; Jack Medema, Jack Nordsell, Merle Cummins and Nick Wieler.

At the league's banquet held Monday evening at Bruns restaurant, New Lenox, the president of the league, William Burkhardt presented a trophy to the sponsors.

The Frankfort bowling lanes operated by Al. Schwarz and Joe Machtemes of Mokena pre-

sented individual trophies to members of the winning teams of the four leagues with the person's name and team inscribed on the name plate, in recognition of the bowlers playing at their place of business during the season.

The world's shortest war took place between 9:02 and 9:40 a. m. on Sept. 27, 1896. It took 38 minutes for the Sultan of Zanzibar to surrender to a British naval bombardment. Then the Sultan gave the British fleet commander a decoration.

CLASSIFIED ADVERTISING SALES

We have an immediate opening in our classified advertising department for a personable young woman. You will be thoroughly trained in advertising sales. The work is interesting and the position offers a wonderful, permanent future for the right sales minded person. We don't mind a beginner but prefer some sales experience. Typing is a must for this 5 day week job in our Mokena office. For interview please call...

READ DANIEL 6:10-16; ACTS
16:16-25

At midnight Paul and Silas
prayed, and sang praises unto
God; and the prisoners heard
them. (Acts 16:25.)

Daniel was not only an able
administrator, but also a man
who so valued his close rela-
tionship with God that he con-
tinued to pray daily, even though
it meant a death sentence. We
read in the New Testament of
two missionaries who found
comfort in prayer after being
beaten and imprisoned for their
faith.

Our principal reason for
praying is to keep in touch with
God — to share with Him our
problems, our joys. This was
what Daniel was doing in his
daily prayers. This was what
gave him the strength to stand
firm in the face of death. The
same kind of strength upheld
Paul and Silas in their prison
cell.

In our daily work each of us
faces many problems and dif-
ficulties. These are not like
the den of lions or the prison
cell, but to us they are very
real and serious. If we pray
day by day, God will give us
strength we need to meet our
problems and difficulties.

PRAYER: Almighty God, we
are grateful to Thee because
Thou art always ready to com-
fort and strengthen us if we will
turn to Thee in times of need.
Increase our faith as we come
to Thee this day in prayer. In
Jesus' name we call upon Thee
for Thy divine help. Amen.

THOUGHT FOR THE DAY
"The never sought in vain that
sought the Lord aright."
Cameron F. McRae, Physician
(New York)

Leonard Patterson Lists '61 Officers' Committees

MRS. KATHARINE HEISNER
Tel. Frankfort 5187

Leonard Patterson was in-
stalled as the new president of
the Frankfort grade school PTA
at a meeting last Wednesday
evening. Mrs. Conrad Haakin-
son, retiring president, con-
ducted the meeting.

Mrs. Lee Robinson served as
installing officer and she pre-
sented Mrs. Haakinson with the
past president's pin. Other new
officers and chairmen are Mrs.
Harold Cheney, first vice pre-
sident; Russell Davenport, sec-
ond vice president; Mrs. Ed-
ward Tewes, secretary; Mrs.
Melvin Eastman, treasurer; Dr.
and Mrs. Robert Keener, mem-
bership; Jack Ewing, publicity;

Mrs. Oscar Rheinwald, budget;
Dr. and Mrs. Merle Otto, maga-
zine; Mrs. Norman Hossbach,
health and summer round-up;
Mr. and Mrs. Russell Davis and
Mr. and Mrs. George Kohlbacker,
ways and means; Mrs.
Wayne De Porto, skating; James
Walker, auditing; Mrs. Glenn
Burkett, historian; Ralph Dralle
legislation and Congress publi-
cation; Mr. and Mrs. Lynn Koh-
lhagen, hospitality; Dr. and
Mrs. Claude Otto, birthday and
Founders' day; Mrs. Clifford
Olsen, procedure and by-laws;

Lee Robinson, parliamentary;
Glenn Burkett, safety; Mr. and
Mrs. Herschel Patterson, youth
recreation; Mrs. Charles Bru-
cer, council; Mrs. Clyde Reils,
nominating chairman; Mrs.
Milton Subbert, eighth grade
room, room mother.

Convention reports were given
by Russell Davenport and Mr.
Patterson. Various committees
made announcements, including
that of some cook books which
are still for sale. LeRoy
Wright, principal, thanked the
PTA for its cooperation thruout
the school term.

It was voted to buy four large
folding tables for the school
and \$100 was given toward the
purchase of a new pop cooler
and \$100 to the library fund. The
room award was won by the sec-
ond grade with Mrs. Dorothy
Woodman as teacher.

Refreshments were served
by the first grade mothers with
Mrs. Howard Remien as chair-
man.

Mr. and Mrs. John Nordsell
and children of Tintley Park
have purchased the Krusemark
home on Center and moved into
it May 1.

Mrs. Frank Marti returned
from Silver Cross hospital
Wednesday and is recuperat-
ing at the home of Mr. and Mrs.
Arthur Marti.

Mr. and Mrs. Leslie Koenig
entertained their card club at
their home, Saturday evening.
Refreshments were served by
the hostess.

The spring vocal and band
concert of the Frankfort grade
school will present a program
tonight at the school at 7:30
p.m. Mrs. Ronald Crisman is
vocal director. Perry Fried-
man is the band director.

Mrs. Virginia Osmus and
Mrs. Margaret Robinson at-
tended the Bradley East and
Bradley West grade schools
Tuesday to observe the Joplin

Rev. James Parker officiating.
